Dear sir or madam:

We are residents of Branford and are opposed to the proposed Islander East pipeline project which is being considered for construction across Long Island Sound from Branford, CT.

The loss of marine habitat and disruption of adjacent habitat combined with the adverse environmental impact of upland areas is unacceptable in our view.

Please deny this application.

Sincerely,

Richard N. and Karen C. Wies

Unfortunately I am unable to attend the public hearing tomorrow at the Omni Hotel in New Haven. Please accept this email as a vote AGAINST the pipeline. The negative environmental and economic impacts of this pipeline far outweigh the benefits it might bring. Please uphold the CT DEP decision on this matter and deny Islander East's appeal..

Sincerely,
William S. Porter
